ELECTRONIC SERVICES DISCOUNTS

- If you choose to receive your bill online (by email) you will receive a 0.1 cents per kWh discount
- If you choose to pay by Direct Debit you will receive a \$24 discount each year (calculated daily)

IMPORTANT INFORMATION

- This form is Schedule A of your Agreement with us. The full Agreement can be found at www.pulseenergy.co.nz/agreement
- It is not practical to flow through the Network Charges from your network (Alpine Energy) as your Network Services charges. Your Network Services charges are calculated from the Alpine Energy published prices and other assumptions we make, that allows us to recover the Network Charges to us across our customer base on the Alpine Energy network
- The above pricing is based on our assumption of your meter configuration, data provision and standard Network Services charges. If for any reason your actual configuration, data provision or Network Services charges are different, our pricing for your meter configuration, data provision and Network Services charges will apply
- The above Metering rates cover up to two standard meters or a smart meter with up to two registers. If your meter configuration is not covered by this schedule, an additional Metering rate of 17 cents per day for Standard Users or 0.69 cents per kWh for Low Users will apply
- In addition to any other fees, \$1/day + GST will be charged for the Administration of Arrears if you do not pay your bill by the due date
- The per kWh totals above exclude a fee of 0.142 cents per kWh for the Electricity Authority Levy
- Daily Service Rates are charged once per Installation Control Point (ICP)
- To take advantage of Time Based Electricity pricing, a smart meter must be installed. Additional charges may apply
- You can terminate your Agreement with us free of charge provided you give us 30 days notice. If you do not provide 30 days notice an Early Termination Fee of \$150 will apply

PRICE PROTECTION

- Your Energy Rate shown above is protected for 3 years from the date you switched to us. Price Protection only applies to your Energy rates
